

Amendments to the Specification

Please amend the specification as follows:

1. On page 1, line 1, please **delete** “Description”.
2. On page 1, in between lines 4 and 5, please **add** on a separate line -- This application is made pursuant to 35 U.S.C. § 371 of international application number PCT/DE2003/002166, filed June 30, 2003 with a priority date of August 9, 2002. –
3. On page 1, please **add** -- FIELD OF THE INVENTION -- after the insert described immediately above.
4. On page 1, between lines 10 and 11 please **add** -- BACKGROUND OF THE INVENTION --.
5. On page 1, line 29, after the word “located”, please **add** -- (DE 37 32 415 A1) --.
6. On page 2, line 35, please **add** -- Other objects will become apparent upon a further reading of the following detailed description taken in conjunction with the drawings.--
7. On page 2a, line 2 please **add** -- SUMMARY OF THE INVENTION --
8. On page 5, before line 1, please **add** -- BRIEF DESCRIPTION OF THE DRAWINGS --

9. On page 5, line 15, please **add** -- DETAILED DESCRIPTION --, and on the next line thereafter, please **add** the following paragraph:

--While the present invention is capable of embodiment in various forms, there is shown in the drawings and will be hereinafter described a presently preferred embodiment with the understanding that the present disclosure is to be considered as an exemplification of the invention, and is not intended to limit the invention to the specific embodiment described and illustrated. --

10. On page 8, line 11, please **add** the following paragraph:

-- The foregoing description of a preferred embodiment of the invention has been presented for purposes of illustration and description, and is not intended to be exhaustive or to limit the invention to the precise form disclosed. The description was selected to best explain the principles of the invention and their practical application to enable others skilled in the art to best utilize the invention in various embodiments and various modifications as are suited to the particular use contemplated. It is intended that the scope of the invention not be limited by the specification, but be defined by the claims set forth below. --

11. On page 9, line 1, please **delete** "Patent Claims".

12. On page 9, line 1, please **add** -- What is claimed is --.

13. At the end of the specification, on a separate page, please **add** the following paragraph:

--ABSTRACT

A suction jet pump with a propulsion jet nozzle, a mixing tube, a suction port and a suction line attached thereto, wherein at least part of the mixing tube is arranged in a pot. The suction jet pump is used to supply fuel in a fuel container or from a fuel container in a swirl pot that is arranged inside the fuel container. --
